

R 996

Features:

Grain:	Ceramic grain
Backing:	Y-cloth, waterproof
Bonding:	Artificial Resin
Coating:	Closed
Additions:	Top-Size coating
Grit Range:	36, 40, 50, 60, 80 *
Appearance:	Branded

* ■ = in stock

■ = available within 3-5 weeks

Benefits:

- Extremely strong stock removal
- Constantly strong stock removal
- Extremely long operation life
- Extremely cool grinding
- Maximum performance
- Cost reduction per workpiece
- Low heat development
- Improvement of the work processes
- Less effort and lower energy consumption

Applications:

- Has been especially developed for the most-demanding applications
- Precision castings (stainless steel, cobalt-chrome)
- For the aviation industry, cast houses
- Medical prosthetics (cast)
- Forgings (tools, turbine blades)
- Rolling mills (grinding of metal sheets)
- General engineered operations (high chipping requirements)

Application example:

For the right cutting speed for your application, please refer to the cutting speed information sheet.
