

## Ceramic velcro discs GB 85 Y

### Features:

Grain: Ceramic grain

Mounting: Velcro (red velour)

Grit Range: 60, 80, 120

Appearance: Neutral

### Benefits:

- Self-sharpening, aggressive ceramic grain
- Cool grinding, TopSize coating also reduces the temperature in the grinding zone
- Very strong stock removal

### Applications:

- Optimized for machining high-alloy steels and other very hard surfaces
- For hard metal surfaces, stainless steel and cast iron
- For applications with medium to high contact pressure
- Ideal for deburring and miter grinding

∅	Mounting	max. rpm
125 mm	velcro backing	4.850

For the right cutting speed for your application, please refer to the cutting speed information sheet.
