

Guiding rollers set

Features:

Characteristics:	Guiding rollers set for MB 650 RV2 for grinding belts up to 35 mm width and MB 650 RV-XL for grinding belts up to 40 mm width
Dimension:	Ø 4,5 x 7,0 cm (standard roller set for MB 650 RV2) and Ø 4,5 x 7,5 cm (extension roller set for MB 650 RV-XL)
Weight:	110 g (each standard roller) 125 g (each extension roller)
Model:	Set with 2 rollers

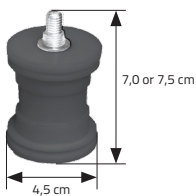

Benefits:

- Easy exchange of the guiding rollers
- The fixed side plates do not leave any damage (grinding marks) on the tubes (workpieces)
- In very tight radii, the fixed discs serve as a support to guide the grinding belt around the radius
- The side plates of the rollers make it possible to grind even in the tightest of radii without the grinding belt running off
- Dust-protected ball bearings

Applications:

- For processing round pipes in connection with the MB 650 RV pipe belt grinder attachments
- Allows to work in the tightest of radii
- Belt widths of 6-35 / 40 mm can be used
